First opened in 1964, CHOC Children's has remained committed to the highest quality medical care available to children. CHOC is affiliated with UC Irvine and has been named one of the best children's hospitals by U.S. News & World Report.

BEST was selected to remove existing roof down to concrete deck and replace with Tremco's AlphaGuard BIO Fluid-Applied System over an area of more than 3600 square feet. The durability and low-odor of the AlphaGuard system is perfectly suited for sensitive hospital environments. Our work was acknowledged by Tremco as 2018 U.S. Project of the Year.
