

DUBLIN E5 SCHOOL INCREMENTS 2 & 3

Building Use: Educational
Scope of Work: Built-Up Roofing, Sheet Metal Flashing & Trim

PROJECT PROFILE DATA

Location:
Dublin, CA

Customer:
Dublin Unified School District

Project Value:
\$1,129,513

Completion Date:
August, 2018

Development of two new sites known as E5 K-8 School and E5 Alternate Park will provide the community with a beautiful new school and a great park.

BEST was selected to furnish and install a Fibertite Membrane Roofing System over an area of more than 50,000 square feet. Additional scope included fabrication and installation of all copings, coping cleats, reglets, roof counter-flashings, and down spouts.
