

PROJECT PROFILE DATA

Location:

Los Angeles CA

Customer:

L.A. Arena Company, LLC

Project Value:

\$247,369.00

Completion Date:

May, 2019

First opened in 1999, this southern California landmark is located next to the Los Angeles Convention Center and adjacent to LA Live. It is home to the NBA's LA Lakers, LA Clippers; WNBA's LA Sparks and NHL's LA Kings. It is also a premier venue for championship boxing matches, live concerts, awards shows and conventions.

Standing at 150 feet in height, the roof top's iconic signage is visible to millions of travelers every year. BEST was selected to furnish and install custom colored Sarnafil Glass Fiber Reinforced PVC Thermoplastic Membrane over an area of 24,000 square feet.

STAPLES CENTER SURFBOARD REROOF

Building Use: Sports and Entertainment
