

PROJECT PROFILE DATA

Location:
Los Angeles, CA

Customer:
BN Builders, Inc.

Project Value:
\$325,230.00

Completion Date:
April, 2018

With a \$100,000,000 donation from philanthropist David Geffen, UCLA opened the Academy in September 2017, and offers secondary school grade students a unique learning opportunity which includes promoting independent research and mental health wellness as part of the curriculum.

BEST was selected to furnish and install Kawneer Metal Framed Skylights with Decorative Glass Panels. Additional scope of work included installation of Johns Manville membrane roofing system around mechanical equipment pads, openings and penetrations through existing roof coverings, along with installing new roof walk pads.
