

PROJECT PROFILE DATA

Location:
West Hollywood, CA

Customer:
Tectonics Construction, Inc.

Project Value:
\$599,270.00

Completion Date:
January, 2020

Construction of this six-story building began in early 2019 and includes 98,000 square feet of office space, parking for 340 cars, with seven sound stages and on-site production facility, designed primarily to cater to media and entertainment companies.

BEST was selected to furnish and install 36,000 square feet of Tremco Paraseal GM.LG below-grade material on the building walls and underslab; 5,000 square feet of Tremproof 250GC hot fluid-applied waterproofing at planter areas; 9,000 square feet of Tremproof 6100 between slab and 5,000 square feet of Vulkem EWS pedestrian traffic coating on storefront levels 2 & 5. The project was completed on time and on budget.
